ECE Contact and Project Deliverables

Upon review of the planning sheet and supporting documentation, ECE will designate an ECE contact person who will take the lead on the project. This contact person will discuss your needs and the expected project deliverables further. The fee for a Curriculum Review is \$450 per institution for the first program review and \$120 per additional program review for the same institution ordered at the same time. A project agreement will be drafted to outline the agreed conditions.

Our special project reviews are statements solely of educational equivalence. Educational Credential Evaluators, Inc. does not make judgments regarding an individual's English proficiency or eligibility for professional licensure, certification, or registration in the United States.
